DETAILED ACTION

Allowable Subject Matter

1. Claims 1 and 3-28 are allowed.

2. The following is an examiner's statement of reasons for allowance:

Prior art fails to disclose or suggest, inter alia a controller comprising an integrator for producing an integrator output signal having an integrated output slope according to a difference between the reference voltage signal and the modulated output voltage signal; a sample-and-hold circuit electrically connected to the integrator for sampling and holding the integrator output signal; and a quantizer circuit electrically connected to the sample-and-hold circuit and to an input terminal of the integrator through an output terminal thereof for quantizing the integrator output signal and producing the modulated output voltage signal.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Art Unit: 2838
